## TERMS OF SALE

1. By sending in a List of Bids, The Bidder agrees to the Terms of Sale listed herein.
2. The Closing Date is APRIL 12, 1957. Send Late Bids AIRMAIL.
3. This is an AUCTION SALE — not an APPROVAL SALE. **No Lots may be returned, except by Written Permission.** If an error has been made in the Catalog, such permission will be granted. Such permission will **NOT** be granted for a minor difference of opinion in grading the condition of a coin (for example — the question of whether a coin is EF or VF+). The cataloguer has tried to be very conservative in grading.
4. All bids are Per Lot as Listed in the Catalog.
5. Acceptable credit references, or a 25% cash deposit, are necessary to assure entry of your bids.
6. There is no charge or commission for your bids. Insurance and mailing charges will be added for lots sent to successful Bidders.
7. Bids are entered as received. Mail your Bids promptly. The Highest Bidder will receive each lot at the normal advance over the next Highest Bid. When similar Bids are received, the first shall have preference. If a duplicate Lot exists, the Two Highest Bidders shall each receive the Lot at the normal advance over the Third Highest Bid.
8. Lots will be sent to Successful Bidders during the week following Closing Date. Remittance must be made on receipt of Lots you buy. The right to demand payment before shipment or to ship C.O.D. is reserved.
9. There is no Sales Tax in New Jersey, so you will not be faced with that irritation.
10. Estimates of Value and further information on any Lot will be supplied, if time permits. Lots may be inspected during the week before the closing date.
11. Bidders from outside the United States may make arrangements to use certain Foreign Currencies — based on their value here.
12. If you want a List of Prices Realized at \$1.00, mark your Bid Sheet Accordingly.

## GENERAL INFORMATION

Careful Grading, and the use of Terms by Present Standards, has been the Aim of the Cataloguer. The Abbreviations are well known and will not be repeated here. The initials L. R. in a description indicate that a loop was removed at some time.

The Catalog deliberately includes many individual low value lots that would normally be grouped together. This is for the benefit of those needing only one or two coins and not wanting a group with duplicates.

## REPUBLIC OF MEXICO

The Cataloguer is now working on a complete listing of MEXICAN SILVER DOLLARS from Iturbide in 1822 to the present. I want to buy any specimens, except current issues, or to receive any information available on the entire series — by date, mint, assayers' initials and major varieties thereof.

Publication of this information and evaluation of various issues is planned in the near future. In order to have as complete and accurate a listing as possible, so that everyone may benefit, I need your help. SELL ME OR TELL ME WHAT YOU CAN.
